Well & Septic

COUNTY CONFIRMED

AE / EL 9

COASTAL FLOODPLAIN

Confirmed site conditions: Seven separately platted vacant lots in three nearby pockets of unincorporated Charlotte County. The county has confirmed **well and septic** for the entire area — there is no municipal water or sewer. **All seven lots sit in FEMA Zone AE (BFE 9 ft), and two carry mapped wetlands.** Constraints are set out lot by lot inside — read the schedule before pricing.

No asking price. We are inviting builders and land buyers to tell us what this group of lots is worth to them. See the [Offering Terms](#) sheet inside.

Offering Summary & Terms

Freedom Offers LLC is in active negotiation to acquire seven separately platted vacant lots totaling ±1.61 acres in Charlotte County, Florida, and is releasing this offering to its buyer list ahead of contract. The lots fall in three pockets: two adjoining on **Seward St**, one on **Rothschild Ave**, and four together on **Carney Ave and Nevada Ave**. They are not contiguous as a single tract, so they can be taken individually, by pocket, or as a package.

PARCEL SCHEDULE

#	PARCEL ID	SITE ADDRESS	ACRES	ZONING	DILIGENCE NOTES
1	402116252014	2171 Seward St	0.23	RSF	Zone AE + mapped wetland; scrub-jay area
2	402116252015	2179 Seward St	0.23	RSF	Zone AE + mapped wetland; scrub-jay area
3	402116401007	14321 Rothschild Ave	0.23	RSF	Zone AE; scrub-jay status unconfirmed
4	402116177010	14211 Carney Ave	0.23	RSF	Zone AE; scrub-jay status unconfirmed
5	402116177011	14219 Carney Ave	0.23	RSF	Zone AE; scrub-jay status unconfirmed
6	402116177012	14227 Carney Ave	0.23	RSF	Zone AE; scrub-jay status unconfirmed
7	402116177026	14212 Nevada Ave	0.23	RSF	Zone AE; scrub-jay status unconfirmed
Total			1.61		

How This Offering Is Priced

We are not publishing an asking price. We are asking each interested buyer to submit the number that works for their model. Tell us what you can pay, how you want to structure it, and what you need in diligence — we will work from there. Offers are reviewed as received.

What to Include in Your Number

- Price per lot, by pocket, or a single price for all seven
- Cash, terms, or takedown schedule
- Earnest money and inspection period
- Target close date
- Any contingencies (survey, soils, permitting)

Purchase Options

- **All seven lots — preferred; one closing**
- **Assignment or double close** — both workable
- **Title opened at contract** — see below
- **Buyer pays all closing costs**

Where This Stands

Freedom Offers LLC is in **active negotiation to acquire** these lots and is releasing them to our buyer list **ahead of contract**. Offers submitted now are first in line.

Title & Closing

Title will be opened with **Freedom Offers' designated title and escrow company** upon execution of the purchase agreement. The title company is not buyer-selectable. **Buyer is responsible for all closing costs.**

Submit an Offer

Send offers and deal questions to our dispositions managers, **Sharyn** and **Marie**.
Phone: **1-877-652-8991**

Site & Due Diligence Summary

The following reflects what has been verified to date. Supporting documentation is attached behind this sheet. Buyers are encouraged to independently confirm all items during their inspection period.

Electric	TO BE VERIFIED Electric service has not been confirmed for these lots. Buyer to verify availability and any extension cost with the serving utility.
Water	WELL REQUIRED There is no municipal water . The county has confirmed well service for this area. A private well will be required on each lot built.
Sewer / Septic	SEPTIC REQUIRED There is no municipal sewer . The county has confirmed septic for this area. An on-site septic system will be required on each lot; buyer to confirm per-lot suitability, particularly on the two wetland-affected Seward St lots.
Access	PAVED All seven lots front paved county streets within the established Port Charlotte platted-lot grid.
Buildability	PARTLY CONFIRMED Setbacks are confirmed for the Seward St lots at 25 ft front, 20 ft rear, 7.5 ft side . Setbacks are not yet confirmed for the Rothschild, Carney or Nevada lots — buyer to confirm each with Charlotte County, along with minimum lot width and permitting.
Scrub-Jay	PARTLY CONFIRMED The Seward St lots are confirmed to sit within a Florida scrub-jay area . The Florida scrub-jay is a federally listed threatened species; habitat review, permitting or mitigation may apply. Status is not confirmed for the Rothschild, Carney or Nevada lots . Buyer to confirm designation and any USFWS or county requirements for every lot.
Flood	ZONE AE FEMA FIRM panel 12015C0202G / 12015C0201G , effective 12/15/2022 , Charlotte County Unincorporated Areas (CID 120061). All seven lots lie within a mapped Special Flood Hazard Area — Zone AE, designated COASTAL FLOODPLAIN, with a base flood elevation of 9 feet on the attached FIRMette. Expect elevated finished-floor construction to county coastal floodplain standards; flood insurance generally required with federally-backed financing. Buyer to obtain elevation certificates.
Wetlands	2 OF 7 AFFECTED The USFWS National Wetlands Inventory (mapped 9/24/2026) maps a freshwater forested/shrub wetland (PSS1/EM1Cd) across the two Seward St lots (parcels 402116252014 and 402116252015), with freshwater emergent wetland (PEM1Ad) adjoining. A site-level delineation is required on those two lots before relying on any buildable area . No wetlands are mapped on the Rothschild, Carney or Nevada lots.
Soils	USDA-NRCS Across the mapped area of interest, soils are predominantly Oldsmar sand-Urban land (72.0%) and Matlacha gravelly fine sand-Urban land (17.2%), with Malabar fine sand (4.2%) and a small ponded Floridana sand component (1.1%). Nearly level flatwoods sands with a seasonal high water table. Buyer should plan for fill and confirm septic suitability per lot.
Zoning / Use	RSF Zoned Residential Single Family ; current use is Vacant Residential . Charlotte County, unincorporated.

Attached Documentation

The following materials are attached behind this sheet in the order listed.

TAB	DOCUMENT	SOURCE
A	Parcel maps — seven lots (Tabs A–G)	Regrid parcel data
B	FEMA Flood Map Service Center — search result	FEMA MSC
C	National Wetlands Inventory map	U.S. Fish & Wildlife Service
D	Web Soil Survey report	USDA-NRCS

How to Read This Offering

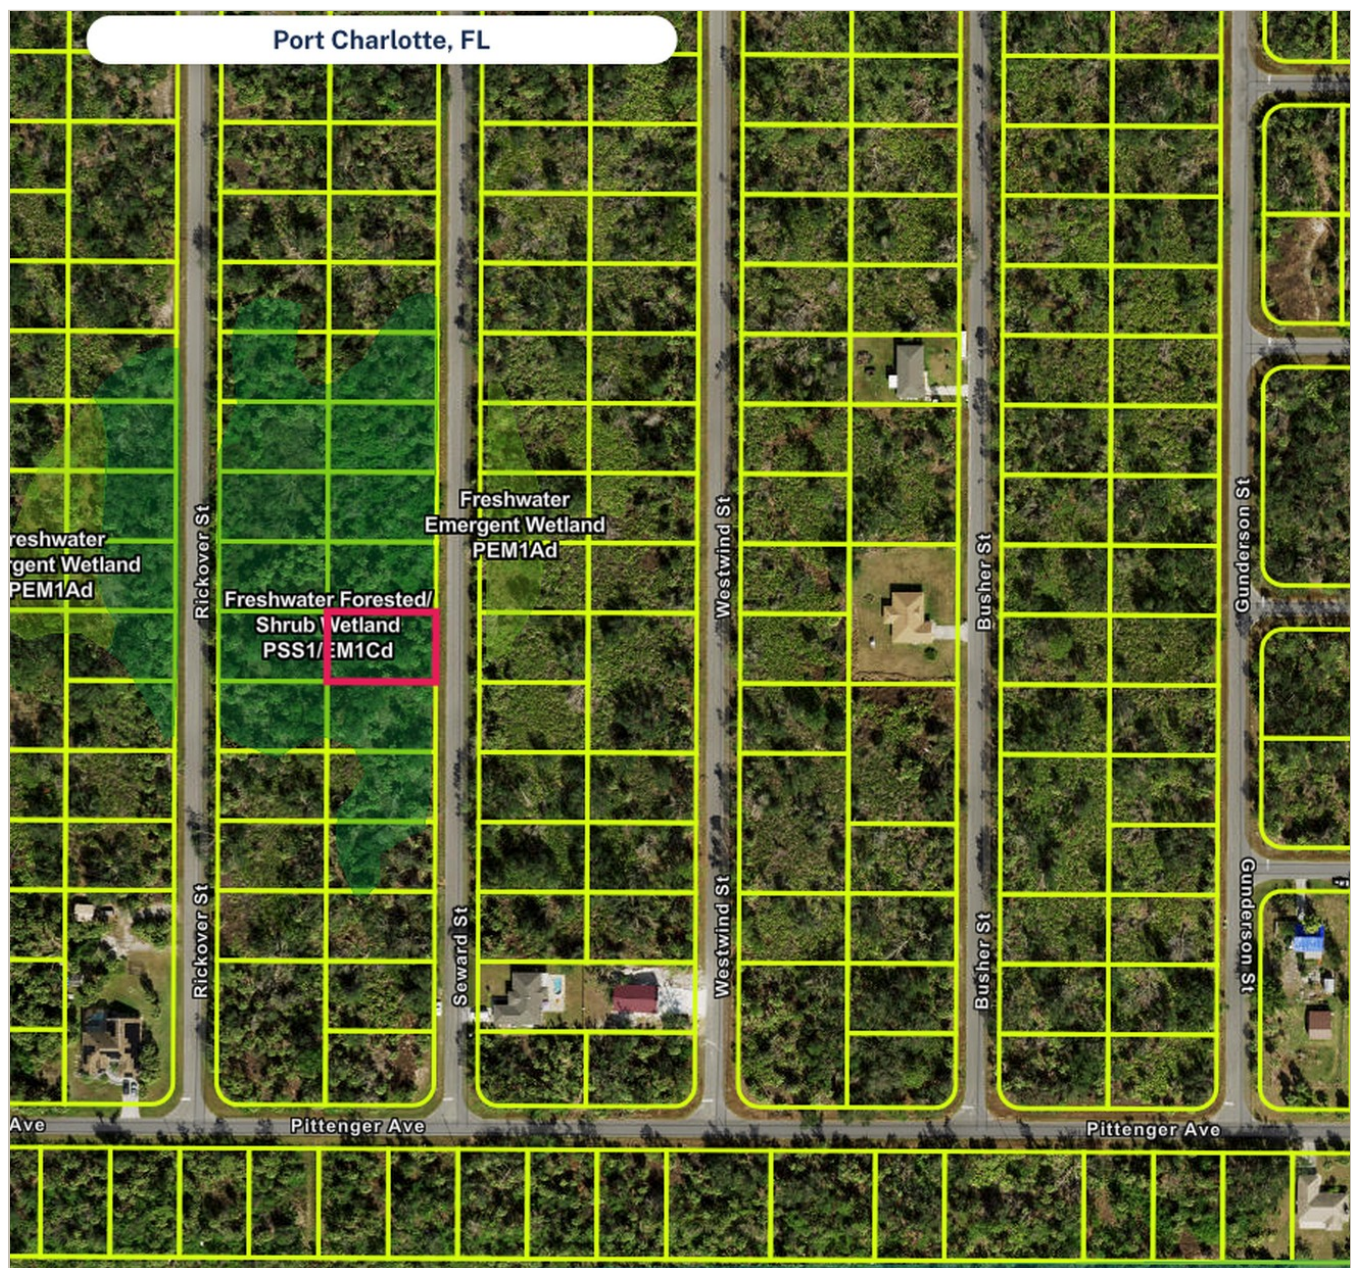

A seven-lot package with real, documented constraints rather than a clean infill play, presented that way on purpose. The Carney, Nevada and Rothschild lots carry the flood designation alone; the two Seward St lots add mapped wetlands and confirmed scrub-jay area. Offers welcome on any subset.

Disclaimer

Acreage, dimensions and boundaries shown are taken from county and third-party parcel data and have not been survey-verified. Freedom Offers LLC is acting as a principal in this transaction and is not a licensed real estate brokerage. All information is believed accurate but is provided without warranty. Buyers are responsible for their own due diligence, including survey, soils, utility availability, permitting and zoning confirmation with Charlotte County, unincorporated.

The pin displayed on the map is an approximate point selected by the user and does not represent an authoritative property location.

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The basemap shown complies with FEMA's basemap accuracy standards

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 9/24/2026 at 6:10 PM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRM panel number, and FIRM effective date. Map images for unmapped and unmodernized areas cannot be used for regulatory purposes.

MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:20,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service

Web Soil Survey URL:

Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Charlotte County, Florida

Survey Area Data: Version 24, Aug 28, 2025

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Jan 25, 2025—Feb 23, 2025

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.
